APPLICATION FOR MINERAL SALTS LEASE ON THE BED OF THE  
GREAT SALT LAKE (MLA 40867)

Great Salt Lake Minerals and Chemicals Corporation has filed an application for a Minerals Salt Lease on 20,317 acres of the bed of the Great Salt Lake north of Lakeside. These lands were formerly under lease to Alcoa, under ML 24261, which was cancelled for non-payment of the 1983 rentals.

On July 29, 1983, William J. Colman filed an application to have these same lands included in his Minerals Salt Lease ML 29864.

I recommend that since the application of the Great Salt Lake Minerals and Chemicals Corporation is in conflict with Mr. Colman's application, but was filed subsequent to Mr. Colman's, that the application of Great Salt Lake Minerals and Chemicals Corporation, MLA 40867, be rejected. The rental deposit and \$10.00 of the filing fee should be refunded. \$10.00 of the filing fee should be forfeited to the State.

Upon recommendation of Mr. Prince, the Director rejected MLA 40867 and ordered the advance rentals refunded to the applicant. Filing fee is forfeited to the State.
